Application	B12/15
Location	Part Lot 16 & 17, Concession 7 TOWNSHIP OF CENTRE WELLINGTON
Applicant/Owner	Purple Rain Farms Ltd.

PLANNING OPINION: The proposed lot line adjustment would sever a vacant 19 ha (46.9 ac) agricultural parcel and merge it with an abutting agricultural parcel. The resulting lot would be a 60 ha (148 ac) agricultural parcel with existing dwelling and accessory structure. A 1.1 ha (2.7 ac) rural residential parcel with existing dwelling would be retained.

This application is consistent with Provincial Policy and would generally conform to the Official Plan. We would have no concerns, provided that the following matters are addressed as conditions of approval:

a) That the purchaser take title to the severed lands in the same manner as they hold their abutting land; and,
b) That Subsection 50(3) of the Planning Act, R.S.O., 1990 be applied to any subsequent conveyance or any transaction involving the parcel of land that is the subject of this Consent.

PLACES TO GROW: No issues.

PROVINCIAL POLICY STATEMENT (PPS): Section 2.3.4.2 states that Lot line adjustments in prime agricultural areas may be permitted for legal or technical reasons.

Minimum Distance Separation 1 (MDS1) is not applicable to surrounding livestock facilities as MDS1 is not applied to a proposed lot with an existing dwelling when that dwelling is already located on a parcel of land separate from the subject livestock facility (Guideline 8).

WELLINGTON COUNTY OFFICIAL PLAN: The subject property is designated PRIME AGRICULTRAL and CORE GREENLANDS. The Greenlands designation represents Hazardlands and will not be affected by this application.

Section 10.3.5 of the Official Plan provides for lot line adjustments in Prime Agricultural areas for "legal or technical reasons, such as easements, corrections of deeds, quit claims, and minor boundary adjustments.

The matters under Section 10.1.3 were also considered.

LOCAL ZONING BY-LAW: The subject property is currently zoned Agricultural (A). It appears that the minimum lot area and frontage requirements can be met.

SITE VISIT INFORMATION: The subject property was visited and photographed on February 6th, 2015. Notice Cards were posted and the survey sketch appears to meet the application requirements.
