COUNTY OF WELLINGTON

COMMITTEE REPORT

To: Chair and Members of the Police Services Board
From: Ken DeHart, County Treasurer
Date: Wednesday, June 8, 2016
Subject: Police Financial Statements and Variance Projections as of May 31, 2016

Background:

This report is respectfully submitted in accordance with the County's Budget Variance Reporting policy, and provides a first projection to year-end based on expenditures and revenues to May 31, 2016 for Police Services.

Operating

- Grant funding received to date includes the first "1,000 Officers Programme" payment. The County budget included only the first quarter payment (\$52,500) as there was no confirmation the grant would extend past March 2016. The Ministry has amended the existing 1,000 Officers and Community Policing Partnership agreements and they have been extended to March 2017. As a result, a positive variance of \$157,500 is expected in 2016. The first RIDE programme grant has been received.
- False alarm revenue is well under budget with only 14% of the yearly budgeted amount collected. Parking fine revenue is also under budget with 482 tickets issued to date in 2016 compared to 726 at this same time in 2015. This represents a decrease of 33% year over year. If revenues continue at the current pace a negative variance between \$20,000 and \$30,000 could be expected at year end.
- Salaries, wages and benefits for County staff are on budget no variance is expected
- Supplies, materials and equipment is tracking over budget as the 6 bicycles and equipment purchased for the Wellington County OPP Community Bicycle Programme (\$13,500) as approved by the Board in 2015 didn't arrive until early 2016
- Purchased services are tracking above budget to this point in the year due to higher than expected snow removal and utility costs at the detachments during the winter months; a small negative variance is expected
- Minor Capital – as reported verbally to committee, minor construction to the reception area at the Teviotdale OPP is expected to take place in the coming months. The cost is expected to be \$22,000 to \$25,000, exceeding the budget of \$8,000. The overage is to be fully funded from the property reserve.
- The majority of the debt charges related to the funding of the Rockwood Operations Centre will be incurred later in the year – no variance is expected

- Quarterly reconciliations are no longer provided under the new policing funding model. This is the second year of a new contract with the OPP with the first annual reconciliation is expected to be received in September of 2016. The PSU credit amount will be determined at that time. The OPP costs are now based on a per property basis, which means the PSU credit may be applied specific to Wellington County or may be applied province-wide. It is not clear at this time whether any savings in police services will be received through a credit payment at the time of the reconciliation in 2016 or if they will be applied as a reduction in billing to the following year's contract. Staff will report back to committee as more information on the new contract reconciliation process becomes available.

As the majority of the police budget pertains to the contract costs, staff cannot at this time provide an accurate forecast of the overall variance to the budget. With grant revenue expected to exceed budget and expenditures trending slightly over budget, an overall positive variance excluding contract costs of between \$100,000 and \$120,000 is anticipated.

Recommendation:

That the Financial Statements and Variance Projections as of May 31, 2016 for Police Services be approved.

Respectfully submitted,

Automated Licence Plate Reader (ALPR) – 2nd Full Year

Wellington County Ontario Provincial Police (OPP) continues to use its own fully marked police cruiser equipped with an Automated Licence Plate Recognition (ALPR) system which was initially acquired by the detachment in the spring of 2014. ALPR is a sophisticated license plate scanning tool that uses Infra-Red illumination to capture a licence plate image of both the front and rear of a vehicle. The system is capable of scanning thousands of plates an hour, checking them in real time against a Ministry of Transportation (MTO) database. Officers are then alerted by the computer system to those plates in poor standing with the MTO.

Wellington County OPP Detachment has utilized this technology for two full years and has seen remarkable results. The specially trained officers have logged approximately 1420 hours in the vehicle during its second full year in use. This is almost double the hours of the previous year.

“While traffic Safety is one of the top priorities for the O.P.P. in Wellington County the ALPR cruiser, with its advanced camera technology has been a great public safety tool for us. Vehicle stops with the ALPR car has led to a significant number of criminal charges including impaired and prohibited drivers, drug possession offences and another 32 criminal arrests. Our officers even apprehended a wanted person. This piece of equipment will continue patrolling every day. It is undoubtedly making our County safer.” - Wellington County Detachment Commander, Inspector Scott Lawson.

In the second full year of operation (April to April) the ALPR cruiser results in Wellington County were;

- 1420 Hours of patrol
- 110 Suspended drivers
- 32 Unlicensed drivers
- 4 Prohibited drivers-Criminal Code
- 15 Impaired/over 80 mgs drivers
- 20 Drug charges
- 32 Criminal code charges
- 281 Highway Traffic Act offences
- 1 Warrants executed
- 137 Roadside Screening Device tests
- 20 Warn range suspensions
- 70 Insurance charges

Marine Patrol

The month of May saw the Wellington County Traffic Unit take to the waterways of Wellington County. Marine patrol started up again this month with officers laying a total of nine charges, five warnings and 185 boats inspected on both Conestoga and Belwood Lake.

Parents attended the Centre Wellington Operations Centre searching for help for their daughter. They didn't know where else to turn but to the police. They were immediately assisted by the IMPACT who were working. Their daughter had been apprehended in the past under the Mental Health Act and had refused all help. The parents spoke with the IMPACT team and made an appointment to meet the next day. A home visit was then conducted. IMPACT was able to convince the daughter to agree to get help. A further appointment was made for a psychiatric assessment and an ongoing case worker assigned.

Emergency Preparedness Day

Members of the Wellington County Ontario Provincial Police (OPP), officers from the Tactical Response Unit (TRU) as well as officers from the Urban Search and Rescue Team (UCRT) participated in Emergency Preparedness Day on May 4, 2016 in conjunction with Emergency Preparedness Week (EP Week). This is an annual event that takes place during the first full week of May. This national event is coordinated by Public Safety Canada, in close collaboration with the provinces, territories and partners.

This year, Emergency Preparedness Day was held at the West End Community Centre located on Imperial Road in the City of Guelph.

In 2014, Statistics Canada released a survey with regards to Emergency Preparedness and Resilience. Their findings revealed that just 47% of Canadians possess an emergency survival kit. The Office of the Fire Marshal and Emergency Management (OFMEM) stress the importance of owning your own emergency survival kit.

This year, Ontario's theme is "Emergency Preparedness starts with you, Prepare Yourself!" This campaign is intended to engage everyone across the province about emergency preparedness, and to raise awareness about action and accountability in a manner that is both interactive and entertaining.
