Traffic Initiatives

R.I.D.E.

The Wellington County Traffic Unit conducted a total of 14 R.I.D.E initiatives across the County checking 1,311 vehicles, performing 19 roadside tests; resulting in 10 suspensions and 9 drinking and driving charges.

Speed Spy

The Traffic Unit continues to strategically deploy the Speed Spy units in multiple locations across the County based in traffic complaint, collision and high-volume traffic areas. Deployment of the Speed Spy units has been completed in collaboration with Wellington County and Municipal Roads personnel. This partnership has proven very successful as raw data has been shared to assist with understanding the issues. Speed information is analyzed and interpreted by the OPP for a more strategic and intelligent deployment of resources.

Automated Licence Plate Reader (A.L.P.R.)

The strategic deployment of the ALPR Cruiser continues to detect offences in addition to "licence plates in poor standing". During the month of June Wellington County Detachment conducted 163 operating hours in the Automated Licence Plate Reader (ALPR cruiser). Officers laid a total of 54 charges under various Provincial Offence Acts, along with two Over 80 charges, one charge under the Controlled Drugs and Substances Act, seven Warn Range driver's licence suspension and 17 additional roadside breath tests on drivers who had consumed alcohol.

Marine Patrol

The Wellington County Traffic Unit took to the waterways during the month of June logging a total of 48.25 marine patrol hours on area lakes. Marine patrol was also conducted during the Guelph Lake Triathlon.

HESSELINK assisted with the Provincial Traffic Safety Campaign. Auxiliary Sergeant BUESCHLER volunteered eight hours and was the most active Car Seat inspector. With his extensive knowledge of Car Seats, he never hesitated at all to speak to the caregiver and get hands on with the seats. In addition, he was extremely professional with the public and was seen smiling and handing out stickers to young children.</p> <p>Auxiliary HESSELINK volunteered five hours and her ability to identify possible Car Seat and other HTA offences was tremendously appreciated. Her proactive approach led to three adult Seatbelt charges being laid, along with two other HTA offences.</p> <p>On April 6, 2015, both Auxiliary C. KEELER and Auxiliary Sgt D. ELLIS volunteered eight hours each. Auxiliary KEELER was of great help being a Car Seat Inspector and assisted with over 20 inspections. She also worked in tandem with Auxiliary Sgt ELLIS to act as a "spotter" to advise of vehicles to stop. Auxiliary KEELER was seen interacting with the young children and her positive attitude was well noted by the public.</p> <p>Auxiliary Sgt ELLIS attended with less than 24 hours notice. If she had not attended, we would not have had such fantastic results. She is not a Car Seat Inspector, but played a critical role as a "spotter" which led to five Adult Seatbelt charges being issued.</p> <p>Without the help of these Auxiliaries, Wellington County OPP could not have conducted this successful campaign. In addition, it should be noted that all four assisted on a holiday weekend and they all attend annual requalification on their own time</p> <p>By reviewing and correcting 147 car seats, they may have saved a young child from serious injury or death.</p>

2015 Touch a Truck Event

PC Pridham was approached again by the Minto Fire Department and asked to assist with the 2015 Touch a Truck Event in Harriston. This event is a fundraiser for the Minto Fire Department featuring several trucks and large pieces of equipment, which the attending children can interact with. The event took place at Harriston Motors on June 20th, 2015 from 10:00am to 2:00pm.

Sgt Rob Nixon and Auxiliary Constable Hesselink assisted from Wellington County OPP and represented the OPP at the event. The OPP Ford Pick-up truck and four-wheelers were on display for the public to view and fun books and educational information was supplied to participants.

The Mason's Club of Minto also approached PC Pridham as a member of the Minto Safe Community Committee to organize the Mason CHIP program for the event. This is a child identification program that supplies parents with a picture, audio, video, a DNA sample and fingerprints of their child, should they go missing. The program took place on site and was a success with approximately 80 children registered during the four hour clinic.

Judging by the positive feedback from the host organizer, children and parents, the day was a complete success. This event was a great opportunity to partner with other local agencies to provide the public with education and to work towards a safer community.

OPP-CMHA Wellington Integrated Mobile Police and Crisis Team (IMPACT)

On Wednesday June 10, 2015 members of Wellington County's new IMPACT team presented to the Wellington County Housing Employees.

PC Schwindt along with CMHA clinicians Anita Matthews and Julia Van Ryswyk spent approximately 45 minutes with the members outlining the new program - IMPACT. PC Schwindt spoke about the increasing number of calls OPP are seeing from those with mental health and/or addiction issues and the challenges faced in responding to these calls. The CMHA clinicians spoke about the history of CMHA and role they play with that organization.

This led into a discussion about what the new IMPACT team was designed to do and the general parameters of how it will run. It was explained that it will be a police referral system only and the CMHA workers will attend as many calls involving mental health and/or addictions that they can in order to better direct the care for these individuals.

There were several questions following the presentation and a good discussion regarding the program.

PC L. BERTHELOT
PC R. SANCHIONI
PC F. VACHON**

On Saturday July 4, 2015 the noted officers attended a farm residence where a four year old child had a large farm tire fall onto him. Sgt. Clark acknowledged his sincere appreciation for the manner in which all the officers conducted themselves at this tragic incident.

Your compassion for the child and his family, the understanding you expressed and the professionalism to handle yourselves in a kind and gentle manner was truly impressive.

I thank you for being able to set your own emotions and feelings aside to enable us to assist the victims and other emergency service members on scene, while at the same time securing the scene and gathering the information required for a police investigation.

You are all professional police officers who displayed the ability to provide leadership, compassion, and sympathy at a true time of need.

PC B. ERNIKOGLU

On Friday July 17, 2015, PC ERNIKOGLU participated in mediation as part of a Customer Service Resolution (CSR) to a public complaint.

PC ERNIKOGLU exhibited a high degree of professionalism that far exceeded his years of experience as an officer. The officer embraced the true meaning of this process by being open to the perspectives of others, speaking honestly and showing sensitivity, empathy and respect.

PC ERNIKOGLU understood the importance of maintaining a strong relationship with the members of the community. This matter was successfully resolved to the satisfaction of all participants. This resolution would not have been possible without PC ERNIKOGLU's individual contribution to this process.

The CSR process, in the resolution of public complaints, is of significant importance. It allows us to directly address, inform, restore public confidence and conclude matters that have been identified by the OIPRD as resolvable. The early resolution of a public complaint is dependent on officers getting involved and taking a leadership role in this process, just as PC ERNIKOGLU has done.

PC ERNIKOGLU's contribution is duly noted by the Professional Standards Bureau.
