Work plan for EDAC

8.4 Update from the Accommodation Tax Working Group

Verbal report by Tom Turner

Tom Turner gave a brief verbal report of the progress of his research. Tax dollars would help leverage other funding through FEDNOR and NOHFC. Had discussions with stakeholders and there are concerns. The Ontario Restaurant, Hotel/Motel Association would be used to collect the taxes for an initial fee of \$3000 followed by 1% of tax collected annually. Target date was January 1, 2020 but may be ready to roll out earlier in the fall of 2019.

8.5 Tourism Strategy

Review by Fred Henwood

There is money in the 2019 EDO budget but has been put on hold due to department staff shortage. Intern has been applied for but no confirmation yet.

Staff directed to put this item on the next agenda under unfinished business.

9. NEW BUSINESS

9.1 Business Registration

Tom Turner

Tom Turner reported that when he was researching accommodation tax he realized that the number of businesses in the city was unknown. The solution to this would be to have all businesses, including home-based, become registered or licensed. This may create a burden on staff and perhaps the Chamber of Commerce could help in this. A business directory could be created and put on the City and Chamber websites. Hard copies of the directory could be given out as part of welcome packages for new residents. Would need to create an uncomplicated fee structure of a flat fee or perhaps based on the number of employees. He noted that this idea is still in its infancy.

Staff directed to add Service Directory to the next agenda.
